

Franco Fernández

Web Developer & Designer

francofernandez02@gmail.com · github.com/ffrancode · linkedin.com/ffrancode

Profile

Web Developer & Designer focused on crafting responsive, aesthetic, and functional web experiences. I blend design precision with technical expertise to deliver fast, accessible, and visually engaging websites. Constantly learning and refining modern web technologies.

Skills & Tools

Front-End: HTML · CSS (Flexbox, Grid) · JavaScript (ES6+) · Vue.js

Design / UI: Figma · Responsive Design · CSS Animations · UX Principles

Tools: Git · GitHub · Vite · Node.js (basic)

Languages: Spanish (native) · English (intermediate)

Projects

Portfolio Website (2025) — Developed complete multilingual portfolio using Vue.js, i18n, and advanced transitions.

Interactive Landing Page — Animated front-end concept focused on visual storytelling and UX.

JavaScript Mini Apps — Small projects exploring DOM manipulation, APIs, and UI logic.

Education

Tecnicatura Universitaria en Programación — 2025–2026

freeCodeCamp — **Responsive Web Design** (300 h, 2023)

freeCodeCamp — **JavaScript Algorithms and Data Structures** (300 h, 2024)

Interests

Exploring AI-assisted design tools for visual interface enhancement (Stable Diffusion, ControlNet).
